

Mental health support

Bradford, Airedale, Wharfedale and Craven

We are a registered charity providing mental health and wellbeing support across Bradford, Airedale, Wharfedale and Craven. We offer a range of services and approaches to meet your needs, where and when you need us. Working in partnership with other organisations, we provide support to help you live positively and independently and to build your own brighter future.

A number of our services are delivered by peer support workers who have their own lived experience of mental health problems.

If you are in urgent need of mental health support, we can offer same day, in-person appointments for adults and children age 7+.

Trained staff can help if you are experiencing distress such as severe anxiety, panic attacks, suicidal thoughts, intense depression or feelings of disassociation.

- Same day appointments in Bradford and Keighley hubs
- Support over the phone if needed
- Outreach service for children, young people, and families
- Drop-in centres in locations across the district

Pathways to Employment

If you are age 16 and over and need help to overcome barriers in your life which are stopping you from working, we offer one-to-one coaching, action planning, goal setting, self-development, as well as job searching and interview techniques.

We can also help if you are already in paid employment but are currently off sick with your mental health. We offer support to help you to liaise with your employer to return to work or if you wish to move into new employment.

Talking Therapies Employment

If you're feeling low, anxious or stressed, and need support to find, return to, or remain in work, this service provides employment support for people aged 16 and over, who are registered with a GP in Bradford, Airedale, Wharfedale and Craven.

You can access this service if you are already accessing or would like to access

Bradford District and Craven

Talking Therapies. You can self-refer online bdctalkingtherapies.nhs.uk. It's quick and easy and you don't need to go through your GP.

I immediately felt at ease with my Employment Worker. I was able to open up with no judgment. They helped me return to work but more importantly helped me with my mental health. I'm so much happier and more confident!

Alex

Psychological therapies

We offer psychological therapies support for adults age 18 and over, to help you to manage a range of emotional challenges such as depression, stress, mental ill health, trauma, PTSD, panic attacks, relationships, low confidence, abuse or self-harm.

We are here to listen and provide a confidential space for you to talk about, and understand, the issues you are having. We will work to support you in achieving your personal goals so you can move forward and become emotionally and mentally well.

You encouraged and supported me to make small changes in order to cope and feel better. I now feel that I am equipped with a better understanding of strategies for realising and dealing with issues.

Zahra

HOPE

Our HOPE team are here to help if you have a history of significant trauma and struggle to access other support which meets your needs. You will receive one-to-one sessions from our peer support workers who have their own lived experience of mental health difficulties. We can provide support over a period of 12 weeks to help you move forwards with your mental health and to achieve your goals.

You can access this service through your GP or mental health professionals.

I have finally been able to process trauma I thought I would never be able to process. I am healing, its hard but now know it can be done, instead of moving back I've moved forward.

Sara

Specialist services

MAST

Multi-Agency-Support-Team

Our MAST team provide peer support in Bradford Royal Infirmary and Airedale General Hospital as well as follow-up support in the community. We work alongside other partner organisations to offer specialist support around different areas of mental and physical health, as well as with other challenges. The aim is to help people get the right support at the right time, in the right place.

The Cellar Trust have changed my life completely. Everything now has a much lighter view. I want to experience new things and be happy and I think all of those are within reach.

Richard

Reach

You can use the Reach service if you are currently being supported by Bradford District NHS Care Trust in a secondary mental health service, for example, a Community Mental Health Team. Your lead professional can make a referral on your behalf.

We can:

- provide one-to-one support for up to 6 months with a named worker, identifying your personal goals and working together to help you to achieve them
- support you at important times of change, for example, if you have had a period in a mental health hospital
- help you access groups and other services based on where you live and your interests

What's important is that we will be working together on what you want to achieve, in the way you would like to achieve it.

CORE

Community, Outreach, Recovery and Engagement is one-to-one, community-based support for people in the Bradford District with severe mental illness (SMI) to help set goals. This partnership service exists to support people who cannot currently access statutory services or are transitioning between statutory and community support.

CORE provides support for people in the Bradford District, over the age of 16, with diagnosed severe mental illness (SMI), or people without a formal diagnosis where they are experiencing significant emotional distress, affecting their quality of life.

A professional can refer you to CORE. This could be a mental health practitioner based at your GP Practice, Community Mental Health Team or someone from the Assessment Team.

Visit the VCS Alliance website to start your Community Core referral:
www.thevcsalliance.org.uk/community-core

It's really nice to have
someone to speak to who
actually listens to me.

Any progress I have
made has been down to
your support

Shaun
